

Public Workshop: Instream Flow in Delta Tributaries

Learn about the role of instream flow in creating healthy riverine ecosystems in tributaries to the Sacramento-San Joaquin Delta.

**Tuesday, December 2, 2014
9 a.m.-12:30 p.m.**

**DGS Ziggurat Building, Auditorium
707 3rd St.
West Sacramento, CA**

Representatives from the State, water agencies, and a nongovernmental organization will discuss the following topics:

- * **Phase 4 of the Water Board's Bay-Delta effort: flow objectives**
 - * **Instream flow and beneficial uses**
 - * **Sierra Nevada watersheds and the Delta**
- * **Healthy aquatic ecosystems and the Clean Water Act**

There is no cost to attend.
