RE: Withdrawal of Elliott Ranch Project from Delta Conservancy Proposition 1 Grant Program

Dear Mr. Ingram,

I am writing this letter on behalf of Environmental Defense Fund (EDF) to officially withdraw the project, "Habitat Enhancement for Swainson's Hawk at Elliott Ranch," from the Delta Conservancy's Proposition 1 grant program.

We are withdrawing because the owner of Elliott Ranch has unexpectedly decided to sell the 300 acre project area. As such, she is no longer willing to commit to maintaining the habitat project for the fifteen years required by state bond guidelines.

We regret this outcome, but appreciate the opportunity to have worked with you on this project.

Sincerely,

3/13/2017

Daniel Kaiser,
Senior Manager, California Habitat Markets
Environmental Defense Fund
