Request for Approval of the Updated Delta Conservancy Climate Change Policy

Staff Report

RECOMMENDATION

Staff recommends that the Board approve the Resolution 17-003 to adopt the Delta Conservancy Climate Change Policy – 2017 Update.

PROJECT BACKGROUND

The Sacramento-San Joaquin Delta Conservancy adopted its Climate Change Policy in 2012 and included it as Appendix C of the 2012 Delta Conservancy Strategic Plan. As noted in the 2012 Climate Change Policy, “the Conservancy understands that data continue to be collected and that knowledge about climate change is evolving; therefore, the Conservancy’s Climate Change Guidelines will be updated periodically to integrate relevant new information and data.”

Staff recommends that the Board approve the resolution to adopt the update to the Climate Change Policy which incorporates new information available since 2012, including new Executive Orders, state legislation, plans, and the Board’s adoption of the 2017-2022 Strategic Plan.
