

Delta Conservancy 2020 Implementation Plan Status Update Staff Report

This item presents the Sacramento-San Joaquin Delta Conservancy's (Conservancy) progress toward meeting the goals of the 2020 Implementation Plan.

DESCRIPTION

Each July, staff presents the Board with a mid-year status update on work identified in the Implementation Plan. The Conservancy has made steady progress toward the goals and, overall, work is progressing according to the timelines.

Due to COVID-19, all staff have been teleworking since March 16, 2020. Staff quickly adjusted to the new model of operating and have continued to be effective. While some work has been delayed, as indicated in the attached update, the dedication and hard work of the Conservancy's staff have minimized the impacts and allowed all essential work to continue. Staff will remain teleworking for the foreseeable future and will continue to adapt as needed to most effectively meet the goals of the organization and the needs of our stakeholders during this challenging time.

BACKGROUND

The Strategic Plan was adopted by the Board in July 2017 and provides a high-level road map and sets objectives and performance measures to achieve them. The annual Implementation Plan was adopted by the Board in March 2020 and provides a more detailed accounting of the tasks the Conservancy will undertake this year to implement the Strategic Plan.
