Proposed project site physical address

Proposed project site county

County Assessor's Parcel Number(s)

- Contra Costa County: Include full 9-digit number(s)
- Sacramento County: Include full 14-digit number(s)
- San Joaquin County: Include full 8-digit number(s)
- Solano County: Include full 10-digit number(s)
- Yolo County: Include full 12-digit number(s)

Proposed project site is in:

- North Delta Water Agency
- Central Delta Water Agency
- South Delta Water Agency
- Contra Costa County

Proposed action at the project site:

- Deficit irrigation
- Shift crop type
- Forgo a cash crop
- Other; describe in next question

Based on your selection in the previous question, please explain how you propose to change your operations if selected.

Bid price per acre (dollars)

Bid acreage (minimum 100 contiguous)

What will your farming practice be at the proposed project site if not selected for this Program?

Proposed comparison field physical address. (The comparison field should reflect the “business as usual” practices that would otherwise be applied at the project site if it were not enrolled in the Program. See Solicitation Summary for details.)

The comparison field's distance from proposed project site location (miles)

Comparison field county

Comparison field county Assessor’s Parcel Number(s)

If you have additional information to provide about the comparison irrigation action, please describe it.

Are you interested in being compensated for bird benefit practices? (\$75/acre for shallow flooding, \$40/acre for nesting cover; see Solicitation Summary for details)

If yes:

- Select bird benefit practices:
 - Maintain shallow flooding – spring
 - Maintain shallow flooding – fall
 - Nesting cover
- How many acres on the project site are you able to manage for the bird benefit practices? (Minimum 30 contiguous acres)
- Period of flooding for the bird benefit practices (proposed start and end date)
- If you have additional information you'd like to provide about the bird benefit practices, please describe it.

Are you willing to host research monitoring equipment? (See Solicitation Summary for details)

I acknowledge that providing maps of the proposed project site and comparison field is an application requirement. Please use Google Earth Pro or Google Earth to create these maps.
